Innermen Services

## OBJECTIVE

Apply for job of web developer/ graphics designer. Eager to expand my skill set through trainings to help this organisation create a user friendly website for our customers to gain easy access to our products and services and also provide well detailed photos of our products to our customer to have a first hand experience of their desired product.

## SKILL

Highly skilled in the use of computer, I am a web developer(mostly frontend) also a graphics designer with useful experience in programs fireworks, photoshop and indesign.

## HOBBIES

I love sports and reading.

## EXPERIENCE

I've worked with Innermen services as a sales person and graphics designer.
